RPW4 Water Cooler

The RPW4 is the latest innovative sparkling water unit with the same state-of-the-art Refresh Pure Water technology. This water purification unit dispenses hot, cold, ambient and sparkling water, using lead reduction carbon filtration to provide crisp, clean water every time. With a touch-free sensor and advanced leak protection, the RPW4 water cooler utilizes modern, innovative technology to produce exceptional quality water for your office or business.

RPW4 Features:

- Touch-free sensor activation
- Restaurant quality sparkling water
- Dispenses hot, cold, ambient and sparkling
- Temperature-indicating dispense light
- Extra large dispense area
- Removable nozzle and glass front for easy cleaning
- Antimicrobial surface protection on dispense point
- Large capacity drip tray
- Improved leak stop technology
- Scratch resistant panels
