

RPW16 Ice & Water Dispenser

The high-capacity hydration solution for demanding workplaces.

Key Features:

- Touchless sensor-activated dispensing for high-touch environments
- High-capacity ice production: up to 165 lbs/day
- Hot and ambient purified water dispensing with hot water safety lock
- UV-LED technology in ice bin and water path to maintain cleanliness
- TDS management system featuring automated evaporator flushing
- Drainless technology option available for flexible installation
- 5-stage purification system with mineral add-back and taste polishing
- Optional base cabinet available to convert to a freestanding floor unit

Ice Type: Nugget Ice

Soft, porous, and easy to chew, nugget ice absorbs the flavors of your drink as it cools. Its soft, porous texture melts smoothly making it a customer favorite for soft drinks, blended beverages, healthcare settings, and office breakrooms.
